STUDENT DEDICATION PLEDGE

Conscious of the high dignity and nobility of my profession, fully aware of the sacred responsibility that I am assuming in entering upon the duties of my sublime calling, with a strong spirit of faith in the existence of God, my Creator, and in Christ, my Redeemer, as well as in the Holy Ghost, my Sanctifier, I solemnly pledge myself to the careful and continued observance of the highest and noblest ideals of my profession.

First, I promise to see in all the patients entrusted to my care, the image and likeness of my Creator, whose handiwork they are.

Second, I promise to devote myself in a spirit of self sacrifice to care for them to the best of my ability, obeying all the rules and regulations of my profession, all the directions of the doctors and others in authority.

Third, I promise in all things to safeguard the rights and interests of my patients, guarding in strict confidence all matters which they have a right to keep from the knowledge of others.

Fourth, I promise, moreover, to give in my personal conduct such an example of moral excellence and integrity of character that neither in word or deed shall I be anything to those under my care but an inspiration of goodness and holiness in life.

These things do I promise in the name of the Father and of the Son and of the Holy Ghost.

Amen.
